Hon. T. W. McCarry,

Provincial Treasurer,

Parliament Buildings, Toronto.

Dear Mr. McCarry:

I am enclosing you a letter which I have just received from Mr. Moore. Yesterday he told me that the outlook of the University financially for the present year is not any more hopeful than he represented it to me in the letter that I left with you a month ago.

Of course one reason of the size of the deficit is the addition at the request of the Government of $25,000 for the Toronto General Hospital.

Yours sincerely,

President.

Hon. T. W. McCarry,

Provincial Treasurer,

Toronto.

My dear Mr. McCarry:

Allow me to thank you for your great kindness on tehalf of the Government in putting our grant in your estimates, and particularly for the kind words to which you gave utterance with regard to the University of Toronto. I know that they will be appreciated by a very wide circle of people. We feel a great measure of satisfaction in the knowledge that you understand our situation so well, and what you said about the future is full of hope, for we know that this university can be made an institution of which the whole Dominion would be more and more proud and we must render great service to every branch of science and learning. We have never had your long promised visit, but when the House is over I should like to have a morning with you taking you around the University.

I am sending you a copy of the "Varsity " war issue which is just out. I believe that if you glance over it you will think it a very creditable record.

With kind regards, I am,

Yours sincerely,

President.
